

## Help us Beautify Cochrane

Please join us this year as we work on improving our beautification of Cochrane by planting and maintaining flower planters & hanging baskets in the downtown, as well as our many flower gardens throughout our town.

Cochrane has 6 parks and many community spaces providing recreation, open spaces and beauty for our residents and visitors. Many of these parks and town spaces at one time included beautiful flower gardens and we are working towards reviving those gardens and energizing our parks and community once again.

To keep our flower planters, parks, and gardens beautiful and enjoyable for all, we hope that you will consider donating to one of the below options. Your charitable donation towards a street planter, hanging basket, or community garden will help cover the costs of flowers, bed preparation, as well as summer-long watering and fertilizing.
