

Join the Conversation - Women's Community Event

Answers to some early questions about the Women's Community Event on March 20th.

Question	Answer
What is the event about?	This is a community engagement event specifically for the female population of all ages and culture to hear about the strategic priorities for the Town. We want to gather some feedback on Economic Development from the female perspective and how we can plan accordingly to support women more effectively. We also are interested in hearing thoughts and considerations about female health too. It is a drop-in event from 10am to 1pm. You will have a chance to chat with our representative, Kelli Steele-Stanton regarding the strategic priorities and also provide your insights and ideas.
I can't attend, will there be another event?	We are hosting an online, virtual session for anyone who was not able to attend, dates to be confirmed.
I am interested in knowing how to become a female small business entrepreneur.	North Claybelt Community Futures Development Corporation will be there on the 20 th to pass out information on financial and counselling assistance for new and existing small businesses as well as information on the Northern Ontario Women (NOW) program which offers grant funding to women in business.
